INDEPENDENT AUDITORS' REPORT

Board of Directors
Habitat for Humanity of Montgomery and Delaware Counties, Inc.

We have audited the accompanying financial statements of Habitat for Humanity of Montgomery and Delaware Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Habitat for Humanity of Montgomery and Delaware Counties, Inc. as of June 30, 2021 and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited Habitat for Humanity of Montgomery and Delaware Counties, Inc's 2020 financial statements and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 17, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE A: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

Habitat for Humanity of Montgomery County, Inc. (Habitat) was incorporated in January, 1989, under the laws of the Commonwealth of Pennsylvania as a nonprofit social service organization. In 2017, Habitat merged in Habitat for Humanity – Delaware County, Pennsylvania, Inc.

Habitat strives to end poverty housing in our community by providing an array of programs geared toward homeownership, home repair and home preservation for low-income county residents. Habitat works with individuals, organizations and faith communities to build simple, basic, decent housing and provide no-interest low payment mortgages. In addition, Habitat provides critical repairs to low-income owner-occupied homes, as well as outside preservation to improve families, neighborhoods and our county's quality of life. In addition, Habitat provides critical repairs to low-income owner-occupied homes, hosts free financial literacy and home-buying readiness courses for adults (Almost Home), and facilitates a Neighborhood Revitalization program that mentors two grassroots community action organizations located in Pottstown, PA and Norristown PA. Our programs combine to build new, and improve existing housing, create a pathways to homeownership for low and moderate income families, and improve the quality of life in our counties, by empowering citizens.

Habitat has two thrift-style retail outlets, the ReStores offer new and gently used household goods and building materials at deeply discounted prices while providing volunteer and recycling opportunities for the community at large.

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606). The ASU and all subsequently issued clarifying ASUs replaced most existing revenue recognition guidance in U.S. GAAP. The ASU also required expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The Organization adopted the new standard effective July 1, 2020, the first day of the Organization's fiscal year using the modified retrospective approach.

As part of the adoption of the ASU, the Organization elected to use the following transition practical expedients: (i) completed contracts that begin and end in the same annual reporting period have not been restated; (ii) the Organization used the known transaction price for completed contracts; (iii) to exclude disclosures of transaction prices allocated to remaining performance obligations when the Organization expects to recognize such revenue for all periods prior to the date of initial application of the ASU: and (iv) the Organization has reflected the aggregate of all contract modifications that occurred prior to the date of initial application when identifying the satisfied and unsatisfied performance obligations, determining the transaction price, and allocating the transaction price.

The Organization generally recognizes revenue for contracts at a point in time as the performance obligation is satisfied. Revenue recognized primarily consists of one performance obligation that is satisfied at the point of transfer. For these reasons, there is not a significant impact as a result of electing these transition practical expedients.

Revenue Recognition

Sale of Merchandise

The Organization recognizes revenues from the retail sale of products, in stores or online, net of sales taxes, at the point of sale. Payment is usually received via cash, debit card or credit card. Discounts provided to customers by the Organization at the time of sale, are recognized as a reduction in sales as the products are sold.

Sale of Homes

The Organization recognizes revenues from the sale of homes at the date of settlement, with the transfer of ownership of the real estate. The home is paid for by the homebuyer either through the Organization or third party financing. Discounts are provided to the homebuyer by the Organization via its gift of equity program.

NOTE A: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition (Continued)

Home Repairs

The Organization recognizes revenue from home repair projects when the repair work is performed and invoiced to the customer.

Special Events

The Organization held a, virtual special event during the fiscal year. Support is raised through sponsorships and voluntary donations. Support from event sponsorships have little benefit to the sponsor, so these amounts are considered to be contributions.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, Habitat considers cash in operating accounts, cash on hand, demand deposits, and highly liquid debt instruments purchased with a maturity of three months or less as cash and cash equivalents.

Mortgages Receivable

The Organization has financed mortgages to homeowners, collateralized by first mortgages recorded as liens against the properties sold to the homeowner by the Organization. A valuation discount, of approximately 7%, has been recorded to reflect an interest rate recommended by Habitat for Humanity International, Inc. for valuation purposes, and is amortized over the term of the corresponding mortgage. Habitat has and implemented a formal collection policy. A provision for doubtful accounts has been recognized based upon managements' review of existing receivables.

Contributions receivable

Contributions are recognized when a donor makes a promise or pledge to the Organization.

Inventory

Inventory, at the ReStores, is comprised of donated building materials, home furniture and appliances and are recorded at net realizable value.

<u>Investments</u>

Investments in marketable securities are reported at their fair value in the statements of financial position. Realized and unrealized gains and losses on investments are included in the statements of activities.

Habitat's principal financial instruments, subject to market risk, are its investments. The investments are managed by the board of directors. The degree and concentration of risk varies by the type of investment.

Construction in Progress

Management reviews its construction in progress assets for impairment when circumstances indicate the carrying amount of an asset may not be recoverable. Impairment is recognized if the sum of the undiscounted estimated future cash flows expected to result from the use of the asset is less than the carrying value. When an impairment loss is recognized, the asset's carrying value is reduced to its estimated fair value, based upon an independent third party appraisal.

JUNE 30, 2021

NOTE A: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Construction in Progress (continued)

Properties held and available for sale include the costs to purchase maintain and improve the properties until they are sold. These properties are reviewed on an ongoing basis for impairment.

All costs related to each project are recorded as construction in progress. As the homes are sold the accumulated costs for the homes are removed from construction in progress.

Property and Equipment

All acquisitions in excess of \$1,000 are capitalized. Property and equipment are reported at cost and depreciated on a straight-line basis over the estimated useful lives of the assets. When assets are retired or otherwise disposed of, the cost and related depreciation are removed from the books and any resulting gain or loss is reflected in income for the period. The cost of maintenance and repairs is charged to income as incurred and costs of significant replacements and improvements are capitalized and expensed over the periods benefited.

Real Estate and Insurance Escrow Accounts

At settlement, Habitat may open escrow accounts in the name of the Organization for Habitat homeowners for the payment of real estate taxes and insurance on behalf of the homeowners.

Loan Fees

Loan settlement costs are expensed over the life of the related borrowings using the effective interest rate method and are netted with long-term debt on the statement of financial position.

Sales Tax

Habitat collects sales tax. The amount received is credited to a liability account and as payments are made, this account is charged. At any point in time, this account represents the net amount owed to the tax authority for amounts collected but not yet remitted. These balances are reported in the accounts payable and accrued expense line item on the statements of financial position.

Compensated Absences

Habitat accrues accumulated unpaid annual leave when earned by the employee. Generally, annual leave must be taken during the calendar year earned. However, up to 40 hours may be carried forward per calendar year. Eligible employees who end their employment with Habitat are reimbursed for each day of accumulated annual leave. This accrual is included in accrued expenses on the statement of financial position.

Deferred Revenue

The Organization recognizes deferred revenues for amounts received but not earned during the period.

Net Assets

Net assets consist of the following

Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Habitat's management and board of directors.

With Donor Restrictions

Net assets subject to stipulations imposed by donors and grantors. Donor restrictions are temporary in nature; those restrictions will be by the passage of time or specified purpose. Donor restricted contributions are reported as increased in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Contributions

Contributions are recorded as support with donor restrictions or without donor restrictions, depending on the existence and/or nature of any donor restrictions.

00112 00, 2021

NOTE A: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restriction.

A contribution with a stipulation from the funder that represents a barrier that must be overcome before Habitat is entitled to the assets transferred or promised is considered conditional. Failure to overcome the barrier gives the funder a right of return of the assets it has transferred or gives the promisor a right of release from its obligation to transfer its assets. Habitat considers the government contracts to be conditional contributions.

Other In-Kind Contributions

The contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. Habitat receives donated services from unpaid volunteers assisting the Organization with the construction and renovation of the homes. This volunteer time is not recognized in the accompanying statement of activities, because these services do not meet the criteria for recognition as contributed services.

The contributed facilities usage value is reported at the estimated fair rental value of the property.

Sale of Homes Habitat Holds Mortgage

Sale of homes to Habitat homeowners are recorded at the net mortgage amount plus down payment received. Non-interest bearing mortgages have been discounted based upon prevailing market rates for low income housing at the inception of the mortgages. The discount will be recognized as income on a straight-line basis over the term of the mortgages and is included in program income on the statement of activities.

ReStore Activity

ReStore sales and changes in the contributed inventory balance are shown net on the Statement of Activities.

Functional Allocation of Expenses

Certain operating expenses have been allocated to program services based on the reasonable benefit that the program derived from these expenses. There are various funding sources providing support towards Habitat's programs, and some of the expenses charged to the programs represent direct expenses related to program operations and objectives.

<u>Advertising</u>

Advertising costs are expensed as incurred.

Shipping and Handling

Shipping and handling costs to deliver product to the Restore locations are expensed as incurred.

Income Taxes

Habitat is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Habitat is classified as an organization that is not a private foundation under Section 509(a)(2) of the Internal Revenue Code and qualifies for deductible contributions as provided in Section 170(b)(1)(A).

The Organization is required to recognize, measure, classify, and disclose in the financial statements uncertain tax positions taken or expected to be taken on the Organization's tax returns. Management has determined that the Organization does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures.

Management's Use of Estimates and Assumptions

Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Significant estimates included in the financial statements are the allowance for mortgage receivables, valuation of the ReStore inventory, land and property donations, property impairment, donated construction services included in construction in progress and the cost of homes sold.

In 2021, Management changed how the allowance for mortgage receivables and bad debt are recorded. There was no impact on current year net assets from the change. Management has evaluated the balance of the allowance for mortgage receivables and concluded that the current balance provides for all estimated uncollectible balances.

Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available to be issued which was March 12, 2022.

NOTE B: CONCENTRATIONS

The Organization maintains cash in bank deposit accounts which, at times, exceed federally insured limits. No loss has been experienced in such accounts and the Organization believes it is not exposed to any significant credit risk on cash.

The Organization maintains accounts with a brokerage firm. The accounts contain cash and securities. Security balances are insured up to \$500,000 by the Securities Investor Protection Corporation. Cash balances held in these accounts may at times exceed federal limits, but the Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk.

ReStore revenue accounted for 33% of total support and revenue for 2021.

Concentrations represent individual amounts which account for 10% or more of the activity or balances. Following are concentrations for 2021.

NOTE F: FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical
	assets in active markets that the Organization has the ability to access.

	Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets in active markets; Quoted prices for identical or similar assets in inactive markets; Inputs other than quoted prices that are observable for the asset; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
		If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
	Level 3	Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.
	The asset or	liability's fair value measurement level within the fair value hierarchy is based on the

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table represents by level within the fair value hierarchy assets measured at fair value on a recurring basis at June 30, 2021:
